

The logo for ONOTIO, featuring the letters O, N, O, T, I, O in a stylized, white, sans-serif font. The letters are arranged in a slightly curved line, with the 'O's being larger than the other letters.

Professional Services.

Expert guidance and support at every stage of your technology lifecycle.

At a glance.

ONOTIO's extensive team of consultants, architects and engineers deliver business outcomes with the cloud and support digital transformation – from initial scoping and design to expert deployment and certified training. Our goal is to innovate and optimise your operations, so you can accelerate progress and see long-term value from your investment in technology.

Key benefits:

- **See value faster:** harness expertise and side-step pitfalls.
- **Close skills gaps:** no more project hold-ups.
- **Leverage experience:** our team has completed countless projects.

About our professional services.

We bring to the table a valuable combination of business and technical skills that help to remove the risks and illuminate the possibilities of transitioning to a cloud-native IT operating model.

At every stage, our professional services bridge gaps in your know-how and expertise to ensure that your decision to move to the cloud pays off.

Covering two distinct pathways, our professional services ensure you get maximum value from your digital transformation, no matter where you are on your journey.

Innovation

Our expertise and ideas ensure you see long-term value.

Discovery and design

We dive deep to understand what matters most to your business and map out your new, cloud-first IT landscape to ensure it delivers.

Installation and deployment

Let our expert team do the heavy lifting and deploy new tools and solutions with minimal fuss to accelerate time to value.

Configuration and enhancement

Whether on-premises or in the cloud, we'll fine-tune your technology and deliver insights that drive business impact.

Optimisation

Get the most out of your technology and ensure you don't stand still with ongoing advice and education.

Consultation and guidance

Want to take your tech further and reap value throughout its lifecycle? We'll uncover new opportunities and show you how to get there.

Dedicated technical support

Our support keeps your key apps running, helping you establish strong foundations that achieve the consistent and uninterrupted digital experiences your business counts on.

Certified training

With training certifications from all our vendor partners, you can confidently turn to us to advance the skills of your team and further the use of the tools at your disposal.

Use cases.

Migration to the cloud.

Monitor and optimise every step of your cloud migration journey to accelerate progress, reduce risk and capture value faster.

Dashboard building.

Benefit from a truly tailored and customised dashboard that helps you monitor the metrics that matter to your business.

Digital transformation planning.

Discover your application delivery chains to better understand your apps before you implement a strategy.

About ONOTIO.

ONOTIO helps businesses transition to cloud native IT operating models that enable faster innovation, ensure optimisation of critical apps, and create positive business outcomes. Our mission is to help you maximise the value of the cloud with skills and expertise that reduce risk, accelerate change, and extend across your entire technology estate.

Trust our experts to get you started.
